Samuel H. Huff
Engineer of Aid Projects

WHEREAS, by Minute Order No. 45661, dated June 1, 1959, the State Highway Commission did direct the Travis-Williamson County Water Control and Improvement District No. 1 to move, adjust, encase and relocate certain water pipelines located within right of way of portions of the State Highway System; and,

WHEREAS, the Commissioners' Court of Travis County and the Commissioners' Court of Williamson County did pass resolutions directing said Water District to move, adjust, encase and relocate certain water pipelines within rights of way of county roads within each county respectively; and,

WHEREAS, notices were duly given said Water District and its Directors, which notices said Water District has failed or refused to comply with; and,

WHEREAS, said Water District did file a suit for declaratory judgment concerning this matter and the State Highway Engineer did request the Attorney General of the State of Texas to defend such suit and take such other appropriate action as deemed necessary, including, but not limited to, the filing of other suits to the end of accomplishing the moving, adjusting, encasing and relocating of said water pipelines; and,

WHEREAS, pursuant thereto, the State of Texas acting by and through the Attorney General, together with Travis and Williamson Counties, did file Cause No. 115031, styled State of Texas et al vs. Travis-Williamson County Water Control and Improvement District No. 1, in the 53rd District Court of Travis County, Texas, seeking a mandamus to require said Water District to do said work, and in the alternative, in the event said District does not have the funds to do such work, that the State Highway Department may do such work and upon final judgment, if said Water District is deemed to be responsible for doing such work, said judgment will further provide that said cost to the State Highway Department shall be an indebtedness of said Water District; and,

WHEREAS, it appears the litigation concerning said subject matter will probably be involved in the courts for a considerable period of time; and,

WHEREAS, the State Highway Commission has heretofore found and determined that a portion of said State Highway, U. S. Highway 183, needs to be relocated and rebuilt and that said certain water pipelines, in portions of the existing right of way of said U. S. Highway 183, will impair the use of adjacent, contiguous, and surrounding portions of said highway as a highway, and will inconvenience the public in the use of such highway, and further that the best interest of the public's health, safety and welfare will best be served by such project being moved fer-

ward to construction as rapidly as possible in order to protect the traveling public, and the Commissioners' Court of Travis County and Williamson County respectively has heretofore made similar findings in regard to certain water pipelines in portions of existing rights of way of certain county roads in each county respectively; and,

WHEREAS, said project is ready to be let for construction contract save and except for said work to be done in regard to said water pipelines,

NOW, THEREFORE, the State Highway Commission does hereby find and determine that the best interest of the public will best be served by the State Highway Department entering into a contract with the Travis-Williamson County Water Control and Improvement District No. 1 whereby the State Highway Department will do such work to all of such water pipelines in existing public highway, road and street rights of way, as previously requested of said District, and that said District will pay to the State the cost of such work if the final judgment in said suit or suits determines that it is said District's responsibility to do such work. That such work shall be handled as a construction item, chargeable to the construction work previously programmed.

AND FURTHER, that at various places on the proposed relocated U. S. Highway 183 in Travis County, same will cross certain water pipelines of said Water District which were placed on private property prior to the establishing and purchasing of said relocated highway right of way, and the relocating, lowering, encasing and adjusting of same would be the financial responsibility of the State Highway Department and Travis County. Since the best interest of the public will be served by the doing of such work on said water pipelines at the same time the necessary work is done in regard to the aforesaid water pipelines in existing highway, road and street rights of way, the State Highway Engineer is directed to tender the following proposal to Travis County:

Provided the county will agree to pay to the Department the fixed amount of Two Thousand Two Hundred Fifty (\$2,250.00) Dollars, same being one-half of the estimated total cost, Four Thousand Five Hundred (\$4,500.00) Dollars, of doing the necessary work to adjust said water pipelines of said Water District heretofore located on private property, the State Highway Department will proceed with development of plans to accomplish said work, and same will be handled as a right of way item.

AND FURTHER, the State Highway Commission does find and determine that in the event it is finally determined that the lowering, adjusting, encasing and relocating of said water pipelines in any of the aforesaid public highway, road and street rights of way is not the

responsibility of said Water District, then the State Highway Department shall in this instance bear the entire cost without Travis County's participation.

AND FURTHER, if the State Highway Engineer and said Water District can agree upon the terms of a contract to the end of accomplishing the necessary work to be done to all of the water pipelines of said District as hereinabove referred to, and the Attorney General approved same, then the State Highway Engineer is hereby directed to proceed with the development of plans for all said work and that upon completion of said plans and specifications and the receipt of the above said Two Thousand Two Hundred Fifty (\$2,250.00) Dollars, from Travis County, said work shall be placed under construction.

ORDER TO SELL

THE STATE OF TEXAS
COUNTY OF TRAVIS

IN THE COUNTY COMMISSIONERS' COURT OF TRAVIS COUNTY, TEXAS,
AUGUST TERM, A. D. 1960.

On this the 8th day of August, 1960, the Commissioners' Court of Travis County, Texas, convened in Regular Term with the following members present, to-wit: Tom E. Johnson, County Judge; Arthur A. Swenson, Commissioner of Precinct No. 1; N. L. Gault, Commissioner of Precinct No. 2; Robert E. Barker, Commissioner of Precinct No. 3; A. L. Boothe, Commissioner of Precinct No. 4; Emilie Limberg, County Clerk and ex-Officio Clerk of the Commissioners' Court; constituting the entire court; and thereupon the following proceeding, among others, was had, to-wit:

Commissioner Boothe presented for the consideration of the Court the matter of the sale of a tract of unimproved land belonging to Travis County and described as follows:

Being a triangular shaped tract of land in the Jose Antonio Navarro (July 16, 1833) Survey in Travis County, Texas, and being described by metes and bounds as follows:

BEGINNING at a point 60 feet from and at right angles to Engineer's Centerline Station 184+90.5; State Highway 71;

THENCE N 86° 12' W, a distance of 692.7 feet, to a point;

THENCE N 11° 28' E, a distance of 92.4 feet to a point, said point being 60 feet from and at right angles to Engineer's Centerline Station 178+04; State Highway 71;

THENCE S 78° 32' E, a distance of 686.5 feet to the place of beginning and containing 0.728 acre of land, more or less.

And the Court after considering the matter, found and determined that said tract of land does not constitute a portion of

any lands which were given, donated, or granted to Travis County for the purpose of education, that it does constitute a portion of an abandoned right of way which is no longer needed for road purposes, that the fee simple title thereto is in Travis County, that said tract of land is not needed or necessary to the use of public needs of the County, and that it will be advantageous to the County and the public to sell said real estate; and that real property of this character belonging to the County can be sold only at public auction by a Special Commissioner appointed by this Court for such purpose. Whereupon, a motion was made by Commissioner Swenson, seconded by Commissioner Boothe, that the County Judge, Tom E. Johnson, be appointed as Special Commissioner to sell the hereinabove described tract of land at public auction and in the manner required by law, and the motion carried by four Ayes, no Noses.

Thereupon, the following order was adopted:

It is ordered by the Commissioners' Court of Travis County, Texas, that the hereinabove described tract of land owned by Travis County be and the same is hereby put on the market for sale, and that Tom E. Johnson, County Judge, is hereby appointed and commissioned as the Special Commissioner of the County to sell said land at public auction in the manner prescribed by law and to make good and sufficient conveyance of title to the purchaser, subject to the further provisions of this order.

It is further ordered by this Court that the right is reserved in this Court to reject any and all bids and that no sale shall be deemed to be completed until the same shall have been ratified and confirmed by this Court by order duly made and entered of record in the minutes of this Court; That no bid shall be received nor considered by the Special Commissioner unless the bidder has deposited with the Special Commissioner prior to

the hour for the auction to begin a cashier's check for \$100.00 payable to Travis County, which shall be retained by the County as damages if the successful bidder fails or refuses to comply with his bid; that cashier's checks of unsuccessful bidders shall be returned at the close of the auction; that all bids must be for cash price, payable in full at the close of the auction, and no bid for less than \$ 150.00 may be accepted by the Special Commissioner; and that said public auction shall be at the East door of the County Courthouse in Austin, Texas, on September 2, 1960, at 10:00 o'clock A.M., and due notice thereof shall be published by the Special Commissioner as required by law.

RESOLUTION ACCEPTING THE PROVISIONS OF
STATE HIGHWAY COMMISSION MINUTE ORDER

THE STATE OF TEXAS }

Austin, TEXAS

COUNTY OF Travis }

Oct 31, 1960

MOTION was made by Cecil Barker and seconded by

Cecil Gault that the Travis County Commissioners' Court accept the provisions contained in Minute Order Number 48444 passed by the State Highway Commission on September 27, 1960, for the improvement by the Texas Highway Department of the roads described below and that Travis County agrees to furnish all required right of way free of cost to the State:

On that portion of a Farm-to-Market Road extending from F.M. 1626 in Manchaca north-east to 0.8 mile south of Loop 293 in Austin that lies outside the corporate City Limits of Austin.

VOTE on the Motion was as follows:

All voted AYE.

The Highway Commission by Minute Order No. 48444, dated September 27, 1960, took the following action:

"In TRAVIS COUNTY a FARM TO MARKET ROAD is hereby designated extending from F.M. Road 1626 in Manchaca Northeast to 0.8 mile South of Loop 293 in Austin, a distance of approximately 6.2 miles, subject to the condition that Travis County and the City of Austin will furnish all required right of way clear of obstructions and free of cost to the State.

At such time as Travis County and the City of Austin shall accept the provision of this Order and agree to the furnishing of the required right of way, the State Highway Engineer is directed to proceed with the engineering development and construction of the project in the most feasible and economical manner, at an estimated cost of \$130,500.00, and to assume the road for State maintenance upon completion of the construction herein authorized.

This Order is subject to acceptance by Travis County and the City of Austin and if not accepted within 90 days of the date hereof, the action herein contained shall be automatically cancelled."

The designation of this 6.2 mile section of Farm Road from Manchaca northeast to 0.8 mile south of Loop 293 (Ben White Boulevard) in Austin is something that we have previously discussed with you people and is really one of the heaviest traveled roads in Travis County not yet included in our State Secondary Road System. This section will be a very valuable addition to our farm road system and I am certain that the improvement of same in our usual manner will aid and abet development in this particular area and render considerable service

(6) A motion was made by Commr. Swenson and seconded by Commr. Boothe for an appropriation of \$175.00 to the District Attorney to return Howard Johns, Jr., Sterling Birchfield and John McDonald from Georgia to stand trial for burglary. Passed.

⑦
Chairman and Members of the Commissioners Court
Travis County,
Texas

C8s-60-109

Dear Sirs:

The proposed John Robinson Subdivision was approved by the City of Austin Planning Commission on October 18, 1960. In approving the aforementioned subdivision, the Commission granted a variance from the requirements of the City of Austin Subdivision Ordinance; the variance being in regards to the right-of-way width necessary for the graveled road (not named) shown on the plat. Said ordinance requires a minimum right-of-way of 50 feet. In granting the variance, the Commission took into account that one-half the required widening for the unnamed street was provided for; also that the balance of the required widening could be obtained when subdivision development occurs across the street, thereby providing a full right-of-way width of 50 feet.

Sincerely yours,

E. N. Stevens

CONTRACTUAL AGREEMENT
FOR
RIGHT OF WAY PROCUREMENT
(COUNTY FORM)

Western Loop

STATE OF TEXAS I

COUNTY Travis
PROJECT 8014-1-7
HIGHWAY Loop 360

COUNTY OF TRAVIS I

This agreement entered into this 29th day of May, 1962,
by and between the State of Texas, acting by and through the Texas Highway Department,
hereinafter called the State, and Travis County, Texas, acting by
and through its duly authorized official under Commissioners Court Order dated 9
day of April, 1962, hereinafter called the County.

WHEREAS, the State has deemed it necessary to make certain highway improvements on
Highway No. Loop 360 from U.S. Hwy. 290 Southwest of Austin, northerly and easterly
to U. S. Hwy 183 West of the M.P.R.R. North of Austin excepting those portions *, and
which section of highway improvements will necessitate the acquisition of certain
right of way, and * that are within the Cities of Austin and West Lake Hills

WHEREAS, it is agreed that such right of way purchase shall be by joint effort of the
State and the County;

NOW, THEREFORE be it AGREED that acquisition of such right of way shall be in accordance
with the terms of this contract. The State hereby authorizes and requests the County
to proceed with acquisition and the State agrees to reimburse the County for its share
of the cost of such right of way providing such acquisition and reimbursement are ac-
complished according to the provisions outlined herein and agreed to by both parties
hereto.

LOCATION SURVEYS AND PREPARATION OF RIGHT OF WAY DATA: The State, without cost to the
County, will do the necessary preliminary engineering and title investigation in order
to supply to the County the data and instruments necessary to obtain acceptable title
to the desired right of way.

DETERMINATION OF RIGHT OF WAY VALUES: The County agrees to make a determination of
property values for each right of way parcel by methods acceptable to the County and
to submit to the State's District Office a tabulation of the values so determined,
signed by the appropriate County representative. Such tabulation shall list the
parcel numbers, ownership, acreage, and recommended compensation. Compensation
shall be shown in the component parts of land taken, itemization of improvements
taken, and (if a partial taking) damages, if any, or enhancements, if any, to the
remainder. This tabulation shall be accompanied by an explanation to support the
determined values, together with a copy of information or reports used in arriving
at determined values. Such work will be performed by the County at its expense
without cost participation by the State. The State will review the data submitted
and may base its reimbursement on the values as determined by this review. The
State, however, reserves the right to perform at its own expense any additional
investigation deemed necessary, including supplemental appraisal work by State
employees or by employment of fee appraisers, all as may be necessary for deter-
mination of values to constitute the basis for State reimbursement.

4 cont

364

If at any stage of the project development it is determined by mutual agreement between the State and the County that there should be waived the requirement that the County submit to the State property value determinations for any part or all of the required right of way, the County will make appropriate written notice to the State of such waiver, such notice to be acknowledged in writing by the State. In instances of such waiver, the State by its due processes and at its own expense will make a determination of values to constitute the basis for State reimbursement.

NEGOTIATIONS: The State will notify the County as soon as possible as to the State's determination of value. Negotiation and settlement with the property owner will be the responsibility of the County without participation by the State; however, the County will notify the State immediately prior to closing the transaction so that a current title investigation may be made to determine if there has been any change in the title. The County will deliver properly executed deeds which together with any curative instruments found to be necessary as a result of the State's title investigation will properly vest title in the State for each right of way parcel involved. The costs incidental to negotiation and the costs of recording the right of way instruments will be the responsibility of the County. The cost of title investigation will be the responsibility of the State.

CONDEMNATION: Condemnation proceedings will be initiated at a time selected by the County and will be the County's responsibility at its own expense except as hereinafter indicated. The County will obtain from the State, without cost, current title information and engineering data at the time condemnation proceedings are to be initiated. Except as hereinafter set forth, the County will concurrently file condemnation proceedings and a notice of lis pendens for each case in the name of the State, and in each case so filed the judgment of the court will decree title to the property condemned in the name of the State. The County will accomplish the legal procedures and curative matters found to be necessary as a result of the State's title investigation, fulfilling the obligation to properly vest title in the State of Texas. The County may, as set forth herein under "Excess Takings", enter condemnation proceedings in its own name.

COURT COSTS, COSTS OF SPECIAL COMMISSIONERS' HEARINGS AND APPRAISAL EXPENSE: Court costs and costs of Special Commissioners' hearings assessed against the State or County in condemnation proceedings conducted on behalf of the State, and fees incident thereto, will be paid by the County. Such costs and fees as are applicable to the requested right of way, with the exception of recording fees, will be eligible for 50 per cent State reimbursement under the established reimbursement procedure provided such costs and fees are eligible for payment by the State under existing State law. Where the County uses the State's appraisers employed on a fee basis in Special Commissioners' hearings or subsequent appeals, the cost of the appraiser of updating his report, of preparing new reports, preparing for court testimony and appearing in court to testify in support of his appraisal will be paid direct by the County, but will be eligible for 50 per cent State reimbursement under established reimbursement procedure provided prior approval for such appraiser has been obtained from the State. The fee paid the appraiser by the County shall be in accordance with the fee schedule set forth in the appraiser's contract for appraisal services with the State. Reimbursement for court costs, costs of Special Commissioners' hearings and the cost of the State's appraiser as herein set forth will not be paid by the State where the property condemned involves an excess taking, unless the State approves the excess taking.

EXCESS TAKINGS: In the event the County desires to acquire land in excess of that requested by the State for right of way purposes, the State's cost participation

4 cont

will be limited to the property needed for right of way purposes. If the County elects to acquire the entire property, including the excess taking, by a single instrument of conveyance or in one eminent domain proceeding, the property involved will be acquired in the name of the County and that portion requested by the State for right of way will be conveyed to the State. The State's participation will be based on the State's approved value of that part requested for right of way purposes, providing such approved value does not exceed actual payment made by the County.

DISPOSAL OF IMPROVEMENTS: It is agreed that the State's participation in the cost of improvements will be based upon approved values. The disposition of improvements may be in accordance with State Highway Department Administrative Order 8-57, a copy of which is attached hereto and marked Exhibit "A". Where the owner retains an improvement, which is to be moved by either the County or the owner, the maximum amount in which the State will participate is that figure derived from an application of the provisions of Administrative Order 8-57. In the event the improvements which are, in whole or part, a part of the right of way taking are not retained by the owner, title is to be secured in the name of the State. The State will participate in the acquisition of a structure severed by the right of way line if the part of the house, building or similar structure outside the right of way cannot be reconstructed adequately or there is nothing but salvage left, and provided title to the entire structure is taken in the name of the State. The State shall dispose of all improvements acquired. Revenue derived by the State from the disposition of any improvements will be credited to the cost of the right of way procured.

RELOCATION OF UTILITIES: If the required right of way encroaches upon an existing utility located on its own right of way and the proposed highway construction requires the adjustment, removal or relocation of the utility facility, the State will establish the necessity for the utility work. State participation in the cost of making the necessary change, less any resulting increase in the value to the utility and less any salvage value obtainable, may be obtained by either the "actual cost" or "lump sum" procedures. Reimbursement under "actual cost" will be made subsequent to the County's certification that the work has been completed and will be made in an amount equal to 50 per cent of the eligible items of cost as paid to the utility owner. The "lump sum" procedure requires that the State establish the eligibility of the utility work and enter into a three party agreement with the owners of the utility facilities and the County which sets forth the exact lump sum amount of reimbursement based on a prior appraisal. The utility will be reimbursed by the County after proper certification by the utility that the work has been done, said reimbursement to be on the basis of the prior lump sum agreement. The State will reimburse the County in an amount equal to 50 per cent of the firm commitment as paid to the utility owner. The foregoing is subject to the provision that the individual lump sum approved value shall not exceed \$20,000, except as specifically approved by the State. In those cases where a single operation is estimated to exceed \$20,000, the transaction will be brought to the attention of the State for determination of proper handling based upon the circumstances involved. Such utility firm commitment will be an appropriate item of right of way. The adjustment, removal or relocation of any utility line on publicly owned right of way by sufferance or permit will not be eligible for State reimbursement. The term "utility" under this contract shall include publicly, privately, and cooperatively owned utilities.

4 cont

FENCING REQUIREMENTS: The County may either pay the property owner for his existing right of way fences based on the value such fences contribute to the part taken and damages for an unfenced condition resulting from the right of way taking, in which case the estimated value of such right of way fences and such damages will be included in the recommended value and the approved value, or the County may do the fencing on the property owner's remaining property.

Where the County performs right of way fencing as a part of the total right of way consideration, neither the value of existing right of way fences nor damages for an unfenced condition will be included in the recommended value or the approved value. State participation in the County's cost of constructing right of way fencing on the property owner's remainder may be based either on the actual cost of the fencing or on a predetermined lump sum amount. The State will be given credit for any salvaged fencing material and will not participate in any overhead costs of the County.

If State participation is to be requested on the lump sum basis, the State and the County will reach an agreement prior to the actual accomplishment of work as to the necessity, eligibility, and a firm commitment as to the cost of the entire fencing work to be performed. The foregoing is subject to the provision that the lump sum approved cost shall not exceed \$20,000, except as specifically approved by the State. In case the fencing is estimated to exceed \$20,000, the transaction will be brought to the attention of the State for determination of proper handling based upon the circumstances involved.

REIMBURSEMENT: The State will reimburse the County for right of way acquired after the date of this contract in an amount not to exceed 50 per cent of the cost of the right of way acquired in accordance with the terms and provisions of this agreement. The State's reimbursement will be in the amount of 50 per cent of the State's predetermined value of each parcel, or the net cost thereof, whichever is the lesser amount.

If condemnation is necessary and title is taken as set forth herein under the section headed "Condemnation", the participation by the State shall be based on the final judgment, conditioned that the State has been notified in writing prior to the filing of such suit and prompt notice is also given as to all action taken therein. The State shall have the right to become a party to the suit at any time for all purposes, including the right of appeal at any stage of the proceedings. All other items of cost shall be borne by the State and the County as provided by other provisions of this agreement.

If a lump sum fencing or utility adjustment agreement has been executed, the State will reimburse the County in the amount of 50 per cent of the predetermined lump sum cost of the right of way fencing or utility adjustment.

If the County prefers not to execute a lump sum agreement for either fencing or utility adjustments, the State will reimburse on the actual cost of such adjustments. The County's request for reimbursement will be supported by a breakdown of the labor, materials and equipment used.

GENERAL: It is understood that the terms of this agreement shall apply only to right of way authorized and requested by the Texas Highway Department which is needed and not yet dedicated, in use, or previously acquired in the name of the State or County for highway, street, or road purposes.

Dear Mr. Gideon:

In regard to the proposed LCRA-Travis County Park, at Mansfield Dam, the Travis County Commissioners' Court at its regular session on Monday Sept. 10, 1962 directed me to set forth their agreement to, and proposal for such a park. In a memo sent to you by Mr. Mac Umstattd, certain requirements of the County for the establishment of this park were set forth. These requirements were discussed and approved by a vote of the Court. They are as follows:

1. The County will clear the tract of brush, weeds, rocks, etc. to make it suitable for park purposes.
2. The County will install immediately five picnic tables, benches, charcoal pits and trash disposal units as set forth in LCRA specifications. Additional picnic units will be installed at a later date.
3. An adequately lighted shelter house with water closet and sanitary facilities will be erected. Drinking water outlet will be constructed in accordance with Health Department requirements. *In accordance with State Health Department requirements (LAC)*
4. Hose-bibb type drinking water outlets convenient to the picnic units will be installed.
5. A boat ramp will be installed and adequate ingress and egress, and loop road from the area will be provided.
6. Floodlighting facilities for the picnic area will be installed.
7. Precautionary warning facilities along the bluff area on the northeast and north sides of the park area will be provided.

Maintenance of the area including control of weeds and brush and adequate trash disposal will be provided in order to keep the park useful and attractive. Provisions will be made so that the park is adequately marked, both on the highway and at the park entrance.

The County will be happy to clear the Authority's small circular "island area" just north of Mansfield Dam on the opposite side of the highway from the proposed park. Contact has also been made with the Sheriff's Department which will make every attempt to provide adequate patrol service to the park.

It is felt that this park will find high usage by the people of Travis County and Central Texas. Further development of the park beyond requirements set forth in this letter will be contingent on the degree of usage. Since it is apparent that there is already a great demand for a park such as this, the Commissioners' Court requests the Authority to grant the use of this land to the County for the purpose of establishing a park.

Sincerely yours,

Bessie L. Loring

County Clerk, Travis County, Texas

Gentlemen:

Mr. Robert E. Barker, Commissioner of Precinct Three, requested that this office make an inspection of the construction of the streets in subdivision Barton View, Section Four, as recorded in Book 12 Page 98 of the Plat Records of Travis County, Texas, and to report the result to you by letter. This inspection was made on November 13, 1962.

We find that the following three streets have been constructed to meet the specifications of Travis County. Nancy Gale Drive between Stearns Lane and Dudley Drive, a distance of approximately 800 feet. Bruce Drive between Stearns Lane and Dudley Drive, a distance of approximately 700 feet. Dudley Drive from Barton View Sections Two and Three re-subdivided, to the north line of this subdivision at the rear of lot 20 in Block E, a distance of approximately 600 feet.

No engineering study was made of the drainage of surface water, which appears to flow easterly on Nancy Gale Drive and Bruce Drive and then both directions on Dudley Drive to the drainage easement to the east between lots 7 and 8 of Block G, and which seems to be satisfactory and adequate. However, Travis County should assume no responsibility for drainage problems.

Therefore, with the above reservation, it is recommended that Travis County accept for maintenance these described streets in this subdivision. A letter to this effect was mailed to Austin Builders Supply Co., Inc., with a copy for the Federal Housing Administration, on November 13th.

Yours very truly,

Ian Morgan

Hon. County Judge & Commissioners' Court
Travis County
Austin, Texas

Gentlemen:

Acting upon the request of Mr. Arthur A. Swenson, the Commissioner of Precinct One, I have inspected the construction of the streets in the Walnut Place subdivision Sections I, II and III, as recorded in the Plat Records of Travis County, Texas, on page 55 of book 8, on page 92 of book 9 and on page 29 of book 16.

Two county roads are partly within the limits of this subdivision; Springdale Road from the southwest to the northeast lines and continuing in both directions, and Ferguson Lane from Springdale Road to the northwest line and continuing northwest, for a total distance of approximately 2200 feet for both roads. These roads were constructed by the county and are already a part of the road system of Precinct One for maintenance.

Subdivision streets, all connecting with these county roads, have been constructed by the developer with curbs and gutters and asphalt surface. These are Happy Trail, Carla Drive, Quietts Drive, E-K Lane and an extension of Ferguson Lane on the southeast side of Springdale Road, for a sum-total distance of approximately 3700 feet for all. A short extension of Happy Trail for a distance of approximately 140 feet on the northeast side of the Ferguson Lane has not yet been completed. The completed streets as listed above meet the specifications of Travis County for acceptance for maintenance, whenever development and public usage justify the expenditure of tax money for this purpose in the opinion of the Commissioner of the Precinct.

No engineering study has been made of the drainage system for the disposing of surface water from rainfall, but in general it appears to be adequate and satisfactory. However, Travis County should not assume the responsibility for water entering or crossing any lots in this subdivision.

With the above noted exceptions, it is therefore recommended that Travis County accept for maintenance the completed streets as have been here listed in this subdivision.

AUSTIN, TEXAS

December 27, 1962

Hon. County Judge & Commissioners' Court
Travis County, Texas

Gentlemen:

At the request of Mr. Robert E. Barker, Commissioner of Precinct Three, I have inspected the construction of Stearns Lane in his precinct for a report to you. This road begins at U.S. 290, at approximately 2.1 miles west of the city limits of Austin, and extends northeasterly for a distance of about 2370 feet, partly along the northwest boundary of the Barton View Subdivision, to a dead end. This road is not a part of this subdivision as shown on the Plat Records although several of these streets connect with it.

The first approximately 2000 feet, from U.S. 290, has been constructed to meet the county specifications for grading and base, but the last section of approximately 370 feet before reaching the dead end has an insufficient width of grading and base to meet these specifications. The drainage ditches leave something to be desired and surface water appears to be leaving the road and going onto private property at several places. However, in most respects this road is comparable with numerous county roads. The right-of-way width as measured meets the 50 foot minimum required by county specifications, but we have been unable to find of record any deed or dedication of this right-of-way to the County or the Public. However, we understand that this road has been open and in use long enough to establish title for the county if you so rule.

It is therefore recommended that this road be accepted by the county for maintenance for a distance of 2000 feet from U.S. 290, except that the county should assume no responsibility for the disposal of the surface water as it now drains, and subject of course to your opinion in the matter of the right-of-way not being on record as having been deeded or dedicated to the County or the Public.

Yours very truly,

Ian Morgan, County Engineer

Copy to: Mr. Robert E. Barker
Commissioner Precinct Three

A motion was made by Commissioner Barker and seconded by Commissioner Swenson that Stearns Lane be accepted for maintenance as per above letter. All voted Aye.

Hon. County Judge & Commissioners' Court
Travis County, Texas

Gentlemen:

In accordance with your instructions relative to a petition by the property owners in Cameron Acres, a subdivision recorded in Book 6 on Page 45 of the Plat Records of Travis County, Texas, I have this date made an inspection of the construction of the streets or roads in this subdivision with the findings outlined below.

The grading and base of these streets meets the specifications of Travis County for acceptance and maintenance. A light asphalt surface treatment has been applied to all of Leisure Drive and to all of Future Drive except for the 300 feet east of the Leisure Lane intersection. This asphalt surface is dry and cracked and is in immediate need of an asphalt seal coat to save it. Travis County would probably have accepted these streets for maintenance at the time of their construction if application had been made at that time. The development and improvements on the lots in this subdivision appear to be adequate to justify the expenditure of tax money for the maintenance of these streets.

It is therefore recommended that Travis County accept for maintenance, as a part of the road system of Precinct One, the streets in the Cameron Acres subdivision as follows:

Future Drive; from the Cameron Road, at approximately 1/10 of a mile south from the Dessau Road junction, thence easterly for a distance of 1234 feet to a dead end at the subdivision east line.

Leisure Drive; from the Cameron Road, at approximately 1/4 of a mile east from the Dessau Road junction, thence southerly for a distance of 1471 feet to Pleasant Lane, an unimproved 30 foot wide right-of-way which is a part of an old county road.

Honorable J. H. Watson
County Judge, Travis County
County Courthouse
Austin, Texas

Dear Judge Watson:

It is our understanding that Travis County has agreed to advance a construction loan to Travis County Water Control and Improvement District No. 5 under the authority of H. B. 35 of the 57th Texas Legislature.

The City of Austin recognizes that, pursuant to the authority of said H. B. 35, Travis County is authorized to lend such money to the District and that the District is authorized to borrow such money from the County and obligate itself to repay such money to the County.

If the City of Austin should exercise its option to purchase the District before the District has repaid the loan, the remaining balance due would be an indebtedness of the District which would be assumed by the City.

Very truly yours,

STANDARD INSTRUCTIONS TO BIDDERS

IT IS THE INTENT OF THE PLANS AND SPECIFICATIONS TO DESCRIBE A COMPLETE WORK TO BE PERFORMED UNDER THIS CONTRACT. UNLESS OTHERWISE PROVIDED, IT IS ALSO THE INTENT THAT THE CONTRACTOR SHALL FURNISH ALL MATERIALS, SUPPLIES, TOOLS, EQUIPMENT AND LABOR NECESSARY FOR THE PROPER PROSECUTION AND COMPLETION OF THE WORK.

THE ENGINEER WILL HAVE THE RIGHT TO MAKE SUCH CHANGES AND ALTERATIONS IN THE PLANS OR IN THE QUANTITIES OF THE WORK AS MAY BE CONSIDERED NECESSARY OR DESIRABLE, AND SUCH CHANGES AND ALTERATIONS SHALL NOT BE CONSIDERED AS A WAIVER OF ANY CONDITION OF THE CONTRACT, NOR SHALL THEY INVALIDATE ANY OF THE PROVISIONS THEREOF. THE CONTRACTOR SHALL PERFORM THE WORK AS INCREASED OR DECREASED, AND NO ALLOWANCES WILL BE MADE FOR ANTICIPATED PROFITS. WHEN SUCH CHANGES AND ALTERATIONS INCREASE OR DECREASE THE QUANTITY OF WORK TO BE DONE OR OF MATERIALS TO BE FURNISHED UNDER ANY ITEM IN EXCESS OF TWENTY (20) PER CENT, THEN EITHER PARTY TO THE CONTRACT, UPON DEMAND, SHALL BE ENTITLED TO A REVISED CONSIDERATION UPON THAT PORTION OF THE WORK ABOVE OR BELOW TWENTY (20) PER CENT OF THE QUANTITY STATED IN THE PROPOSAL; SUCH REVISED CONSIDERATION IS TO BE DETERMINED BY SPECIAL AGREEMENT OR AS IS HEREINAFTER PROVIDED UNDER "EXTRA WORK."

ADDITIONAL WORK MADE NECESSARY BY CHANGES AND ALTERATIONS OF PLANS OR OF QUANTITIES, OR FOR OTHER REASONS FOR WHICH NO PRICES ARE PROVIDED IN THE CONTRACT, SHALL BE DEFINED AS "EXTRA WORK" AND SHALL BE PERFORMED BY THE CONTRACTOR IN ACCORDANCE WITH THESE SPECIFICATIONS AND AS DIRECTED; PROVIDED, HOWEVER, THAT BEFORE ANY EXTRA WORK IS BEGUN A "SUPPLEMENTAL AGREEMENT" SHALL BE EXECUTED OR A WRITTEN ORDER ISSUED BY THE ENGINEER TO DO THE WORK ON A "FORCE ACCOUNT" BASIS.

UPON COMPLETION OF THE WORK AND BEFORE ACCEPTANCE AND FINAL PAYMENT IS MADE, THE CONTRACTOR SHALL CLEAN, REMOVE RUBBISH AND TEMPORARY STRUCTURES FROM THE RIGHT-OF-WAY, RESTORE IN AN ACCEPTABLE MANNER ALL PROPERTY, BOTH PUBLIC AND PRIVATE WHICH HAS BEEN DAMAGED DURING THE PROSECUTION OF THE WORK, AND LEAVE THE SITE OF THE WORK IN A NEAT AND PRESENTABLE CONDITION THROUGHOUT.

THE WORK WILL BE DONE UNDER THE SUPERVISION OF THE ENGINEER, TO HIS SATISFACTION, AND IN ACCORDANCE WITH THE CONTRACT, PLANS AND SPECIFICATIONS. THE ENGINEER WILL DECIDE ALL QUESTIONS WHICH MAY ARISE AS TO THE QUALITY OR ACCEPTABILITY OF MATERIALS FURNISHED AND WORK PERFORMED, THE MANNER OF PERFORMANCE AND RATE OF PROGRESS OF THE WORK; THE INTERPRETATIONS OF THE PLANS AND SPECIFICATIONS; AND THE ACCEPTABLE FULFILLMENT OF THE CONTRACT ON THE PART OF THE CONTRACTOR. INSPECTORS WILL BE AUTHORIZED TO INSPECT ALL WORK DONE AND ALL MATERIALS FURNISHED. SUCH INSPECTION MAY EXTEND TO ALL OR TO ANY PART OF THE WORK AND TO THE PREPARATION OR MANUFACTURE OF THE MATERIALS TO BE USED. THE CONTRACTOR SHALL FURNISH THE ENGINEER WITH EVERY REASONABLE FACILITY FOR ASCERTAINING WHETHER OR NOT THE WORK AS PERFORMED IS IN ACCORDANCE WITH THE REQUIREMENT AND INTENT OF THE SPECIFICATIONS AND CONTRACT. ALL WORK WHICH HAS BEEN REJECTED SHALL BE REMEDIED OR REMOVED AND REPLACED IN AN ACCEPTABLE MANNER BY THE CONTRACTOR AT HIS OWN EXPENSE. THE SOURCES OF SUPPLY OF MATERIALS SHALL BE APPROVED BY THE ENGINEER. SAMPLES OF THE MATERIALS PROPOSED TO BE USED WILL BE SUBMITTED FOR EXAMINATION AND TESTING, AS DIRECTED BY THE ENGINEER, IN ACCORDANCE WITH METHODS PRESCRIBED BY THE AMERICAN SOCIETY FOR TESTING MATERIALS. ALL MATERIALS NOT CONFORMING TO THE REQUIREMENTS OF THESE SPECIFICATIONS WILL BE REJECTED AND SHALL BE REMOVED IMMEDIATELY FROM THE SITE OF THE WORK UNLESS PERMITTED TO REMAIN BY THE ENGINEER. IN CARRYING OUT THE PROVISIONS OF THE CONTRACT OR IN EXERCISING ANY POWER OR AUTHORITY GRANTED THEREUNDER, THERE SHALL BE NO LIABILITY UPON THE ENGINEER OR HIS AUTHORIZED ASSISTANTS, EITHER PERSONALLY OR OTHERWISE, AS THEY ARE AGENTS AND REPRESENTATIVES OF TRAVIS COUNTY, TEXAS.

THE CONTRACTOR SHALL MAKE HIMSELF FAMILIAR WITH AND AT ALL TIMES SHALL OBSERVE AND COMPLY WITH ALL FEDERAL, STATE AND LOCAL LAWS, ORDINANCES AND REGULATIONS WHICH IN ANY MANNER AFFECT THE CONDUCT OF THE WORK, AND SHALL INDEMNIFY AND SAVE HARMLESS TRAVIS COUNTY, TEXAS, AND ITS REPRESENTATIVES, AGAINST ANY CLAIM ARISING FROM THE VIOLATION OF ANY SUCH LAW, ORDINANCE OR REGULATION, WHETHER BY HIMSELF OR BY HIS EMPLOYEES. THE CONTRACTOR SHALL PROCURE ALL PERMITS AND LICENSES, PAY ALL CHARGES AND FEES, AND GIVE ALL NOTICES NECESSARY AND INCIDENT TO THE DUE AND LAWFUL PROSECUTION OF THE WORK. IF THE CONTRACTOR IS REQUIRED OR DESIRES TO USE ANY DESIGN, DEVICE, MATERIAL OR PROCESSES COVERED BY LETTERS PATENT OR COPYRIGHTED, HE SHALL PROVIDE FOR SUCH USE BY SUIABLE LEGAL AGREEMENT WITH THE PATENTEE OR OWNER. THE CONTRACTOR AND THE SURETY SHALL INDEMNIFY AND SAVE HARMLESS TRAVIS COUNTY, TEXAS, FROM ANY AND ALL CLAIMS FOR INFRINGEMENT BY REASON OF THE USE OF ANY PATENTED DESIGN, DEVICE, MATERIAL OR PROCESS, OR ANY TRADEMARK OR COPYRIGHT USED IN CONNECTION WITH THE WORK AGREED TO BE PERFORMED UNDER THE CONTRACT; PROVIDED, HOWEVER, THAT TRAVIS COUNTY, TEXAS, WILL ASSUME THE RESPONSIBILITY TO DEFEND ANY AND ALL SUITS BROUGHT FOR THE INFRINGEMENT OF ANY PATENT CLAIMED TO BE INFRINGED UPON BY THE DESIGN, TYPE OF CONSTRUCTION OR MATERIAL SPECIFIED IN THE PLANS FURNISHED THE CONTRACTOR BY TRAVIS COUNTY, TEXAS, AND TO HOLD

THE CONTRACTOR HARMLESS ON ACCOUNT OF ANY SUCH SUITS.

THE CONTRACTOR SHALL, AT HIS ENTIRE EXPENSE, PROVIDE AND MAINTAIN IN A NEAT, SANITARY CONDITION SUCH ACCOMMODATIONS FOR THE USE OF HIS EMPLOYEES AS MAY BE NECESSARY TO COMPLY WITH THE REQUIREMENTS AND REGULATIONS OF THE STATE DEPARTMENT OF HEALTH OR OF OTHER AUTHORITY HAVING JURISDICTION.

THE SAFETY OF THE PUBLIC AND THE CONVENIENCE OF TRAFFIC SHALL BE REGARDED AS OF PRIME IMPORTANCE DURING CONSTRUCTION. TRAVIS COUNTY WILL PROVIDE AND MAINTAIN INDEPENDENT DETOURS, WHENEVER REQUIRED, AND THE CONTRACTOR WILL NOT BE RESPONSIBLE FOR THE MAINTENANCE AND DIRECTION OF TRAFFIC THEREON. IN ALL OTHER RESPECTS, PUBLIC SAFETY AND CONVENIENCE AND PROVISIONS THEREOF, MADE NECESSARY BY THE WORK, SHALL BE THE DIRECT RESPONSIBILITY OF THE CONTRACTOR AND SHALL BE PERFORMED AT HIS ENTIRE EXPENSE. DURING THE PROGRESS OF THE WORK, THE CONTRACTOR SHALL PROVIDE FOR LOCAL TRAFFIC TO PRIVATE PROPERTY WITHIN THE CLOSED PORTIONS OF THE ROAD. WHEN ANY SECTION OF ROAD IS CLOSED TO TRAFFIC, THE CONTRACTOR SHALL FURNISH AND MAINTAIN AT EACH END OF THE CLOSED SECTION, AND AT ALL INTERSECTION ROADS WITHIN THE SECTION, STANDARD BARRICADES, ADEQUATE WARNING AND DIRECTING SIGNS, LIGHTS AND RED FLAGS. ALL LIGHTS SHALL BE KEPT BURNING FROM SUNSET TO SUNRISE.

WHEN THE USE OF EXPLOSIVES IS NECESSARY FOR THE PROSECUTION OF THE WORK, THE CONTRACTOR SHALL USE THE UTMOST CARE NOT TO ENDANGER LIFE OR PROPERTY. ALL EXPLOSIVES SHALL BE STORED IN A SECURE MANNER, AND ALL STORAGE PLACES SHALL BE MARKED CLEARLY "DANGEROUS-EXPLOSIVES." THE METHOD OF STORING AND HANDLING EXPLOSIVES AND HIGHLY INFLAMMABLE MATERIALS SHALL CONFORM WITH FEDERAL AND STATE LAWS AND REGULATIONS.

THE CONTRACTOR SHALL TAKE PROPER MEASURES TO PROTECT THE ADJACENT OR ADJOINING PROPERTY WHICH MIGHT BE INJURED BY ANY PROCESS OF CONSTRUCTION, AND, IN CASE OF ANY INJURY OR DAMAGE, HE SHALL RESTORE AT HIS OWN EXPENSE THE DAMAGED PROPERTY TO A CONDITION SIMILAR OR EQUAL TO THAT EXISTING BEFORE SUCH INJURY OR DAMAGE WAS DONE, OR HE SHALL MAKE GOOD SUCH INJURY OR DAMAGE IN AN ACCEPTABLE MANNER.

THE CONTRACTOR SHALL SAVE HARMLESS TRAVIS COUNTY, TEXAS, FROM ALL SUITS, ACTIONS OR CLAIMS BROUGHT ON ACCOUNT OF ANY INJURIES OR DAMAGES SUSTAINED BY ANY PERSON OR PROPERTY IN CONSEQUENCE OF ANY NEGLECT IN SAFEGUARDING THE WORK BY THE CONTRACTOR; OR FROM ANY CLAIMS OR AMOUNTS ARISING OR RECOVERED UNDER THE "WORKMEN'S COMPENSATION LAWS" OR ANY OTHER LAWS.

UNTIL THE ACCEPTANCE OF THE WORK BY THE ENGINEER, AS EVIDENCED IN WRITING, IT SHALL BE UNDER THE CHARGE AND CARE OF THE CONTRACTOR. THE CONTRACTOR SHALL REBUILD AND MAKE GOOD AT HIS OWN EXPENSE ALL INJURIES AND DAMAGES TO THE WORK OCCURRING BEFORE ITS COMPLETION AND ACCEPTANCE.

THE CONTRACTOR WILL NOT BE PERMITTED TO ASSIGN, SELL, TRANSFER OR OTHERWISE DISPOSE OF THE CONTRACT OR ANY PORTION THEREOF, OR HIS RIGHTS, TITLE, OR INTEREST THEREIN, WITHOUT THE APPROVAL OF THE COMMISSIONERS' COURT OF TRAVIS COUNTY, TEXAS. THE CONTRACTOR WILL NOT BE PERMITTED TO SUBLET ANY PORTION OF THE CONTRACT WITHOUT THE APPROVAL OF THE ENGINEER. NO SUBCONTRACT WILL, IN ANY CASE, RELIEVE THE CONTRACTOR OF HIS RESPONSIBILITY UNDER THE CONTRACT AND BOND.

THE ENGINEER WILL HAVE AUTHORITY TO SUSPEND THE WORK, WHOLLY OR IN PART, FOR SUCH PERIOD AS HE MAY CONSIDER NECESSARY, AND THE "TIME CHARGE" WILL BE SUSPENDED DURING SUCH PERIOD. NOTICE OF SUCH SUSPENSION WITH THE REASONS THEREFOR WILL BE GIVEN THE CONTRACTOR IN WRITING. THE CONTRACTOR SHALL NOT SUSPEND WORK WITHOUT WRITTEN AUTHORITY OF THE ENGINEER.

THE CONTRACTOR SHALL COMPLETE THE WORK WITHIN THE NUMBER OF WORKING DAYS STATED IN THE CONTRACT. IF THE CONTRACTOR FAILS TO COMPLETE THE CONTRACT IN THE WORKING DAYS SPECIFIED, THE TIME CHARGE WILL BE MADE FOR EACH WORKING DAY THEREAFTER. FOR THE PURPOSE OF COMPUTATION, WORKING DAYS WILL BE CONSIDERED FIFTEEN (15) DAYS AFTER THE DATE OF THE AUTHORIZATION TO BEGIN WORK. IF THE SATISFACTORY COMPLETION OF THE CONTRACT SHALL REQUIRE UNFORSEEN WORK OR WORK AND MATERIALS IN GREATER AMOUNTS OR QUANTITIES THAN THOSE SET FORTH IN THE CONTRACT, THEN ADDITIONAL WORKING DAYS OR SUSPENSION OF TIME CHARGE WILL BE ALLOWED THE CONTRACTOR EQUAL TO THE TIME WHICH, IN THE OPINION OF THE ENGINEER, THE WORK AS A WHOLE IS DELAYED. A WORKING DAY IS DEFINED AS A CALENDAR DAY, NOT INCLUDING SUNDAYS OR LEGAL HOLIDAYS, IN WHICH WEATHER OR OTHER CONDITIONS NOT UNDER THE CONTROL OF THE CONTRACTOR WILL PERMIT THE PERFORMANCE OF THE PRINCIPAL UNIT OF WORK UNDER WAY FOR A CONTINUOUS PERIOD OF NOT LESS THAN SEVEN (7) HOURS BETWEEN 7 A.M. AND 6 P.M. FOR EACH WORKING DAY UNDER THE CONDITIONS DESCRIBED ABOVE THAT ANY WORK SHALL REMAIN UNCOMPLETED AFTER THE EXPIRATION OF THE WORKING DAYS SPECIFIED IN THE CONTRACT, TOGETHER WITH ANY ADDITIONAL WORKING DAYS ALLOWED, THE AMOUNT PER DAY GIVEN IN THE FOLLOWING SCHEDULE WILL BE DEDUCTED FROM THE MONEY DUE OR TO BECOME DUE THE CONTRACTOR, NOT AS A PENALTY, BUT AS LIQUIDATED DAMAGES.

IF THE CONTRACTOR FAILS TO BEGIN THE WORK WITHIN THE TIME SPECIFIED; OR FAILS TO PERFORM THE WORK WITH SUFFICIENT WORKMEN AND EQUIPMENT; OR HAS INSUFFICIENT MATERIALS TO INSURE THE COMPLETION OF THE WORK WITHIN THE CONTRACT TIME; OR SHALL PERFORM THE WORK UNSUITABLY; OR SHALL NEGLECT OR REFUSE TO REMOVE MATERIALS OR PERFORM ANEW SUCH WORK AS MAY HAVE BEEN REJECTED AS BEING DEFECTIVE OR UNSUITABLE; OR SHALL DISCONTINUE THE PROSECUTION OF THE WORK WITHOUT AUTHORITY; OR SHALL BECOME INSOLVENT OR BE DECLARED BANKRUPT; OR SHALL COMMIT ANY ACT OF BANKRUPTCY OR INSOLVENCY; OR SHALL MAKE AN UNAUTHORIZED ASSIGNMENT FOR THE BENEFIT OF ANY CREDITOR; OR FROM ANY OTHER CAUSE WHATSOEVER SHALL NOT CARRY ON THE WORK IN AN ACCEPTABLE MANNER, THE ENGINEER MAY GIVE NOTICE IN WRITING TO THE CONTRACTOR AND HIS SURETY OF SUCH DELAY, NEGLIGENCE, OR DEFAULT, SPECIFYING THE SAME. IF THE CONTRACTOR WITHIN A PERIOD OF TEN (10) DAYS AFTER SUCH NOTICE SHALL NOT PROCEED IN ACCORDANCE THEREWITH, THEN TRAVIS COUNTY, TEXAS, SHALL, UPON WRITTEN CERTIFICATE FROM THE ENGINEER OF THE FACT OF SUCH DELAY, NEGLIGENCE, OR DEFAULT AND THE CONTRACTOR'S FAILURE TO COMPLY WITH SUCH NOTICE, HAVE FULL POWER AND AUTHORITY, WITHOUT VIOLATING THE CONTRACT, TO TAKE THE PROSECUTION OF THE WORK OUT OF THE HANDS OF THE CONTRACTOR AND TO APPROPRIATE OR USE ANY OR ALL MATERIALS AND EQUIPMENT ON THE GROUND AS MAY BE SUITABLE AND ACCEPTABLE, AND ENTER INTO AN AGREEMENT FOR THE COMPLETION OF THE CONTRACT ACCORDING TO THE TERMS AND PROVISIONS THEREOF, OR USE SUCH OTHER METHODS AS IN ITS OPINION MAY BE REQUIRED FOR THE COMPLETION OF THE CONTRACT IN AN ACCEPTABLE MANNER.
